

22nd Annual Preventive Medicine Board Review Course

Review Course DVD-ROM – only \$399*

The DVD-Rom Review Course Syllabus contains outlines, reference lists, practice questions, and other study materials provided by the faculty of the 22nd Annual Preventive Medicine Board Review Course held in August 2009. The course is designed to help physicians to prepare for the American Board of Preventive Medicine (ABPM) Certification Examination by providing a comprehensive review of the specialty. The materials vary from year to year as faculty members revise their materials and as new faculty members are added. The topics covered each year include biostatistics, epidemiology, chronic disease, infectious disease, environmental health and medicine, behavioral medicine, public health law, occupational medicine, administration management, and specialty reviews of general preventive medicine/public health, occupational and environmental medicine, and aerospace medicine.

**Purchase the Review Course DVD-Rom that includes all audio and conference materials from approved sessions.
CME and MOC credits are available on the CD-ROM!**

Please Note: Session changes may occur and not all presentations may be recorded due to speaker consent, AV problems, or program changes.

*Non-ACPM members pay \$524 for the CD and \$10 each for CME and MOC credits.
